

AFLATOUN x AJIALOUNA CLUB

Empowering Lebanon's Children with Values, Hope, and Opportunity

Launched in **January 2023**, the **Aflatoun x Ajialouna Club** was created to offer underserved children in Lebanon a new vision for their lives — one built on four guiding principles:

1. **Non-Violence**
2. **Respect, Tolerance & Diversity**
3. **Gender Equality**
4. **Optimism & Initiative**

Lebanon's rich diversity has long been overshadowed by years of conflict, extremism, and civil unrest. Many children growing up in underserved or isolated communities are exposed to narrow, distorted perspectives about themselves and others, without ever being given the chance to explore beyond their immediate surroundings.

The Aflatoun x Ajialouna Club was born to change that reality — to empower children to see themselves as **active, responsible citizens** capable of shaping their futures and contributing positively to their communities, their country, and the world.

Our **pilot program**, which ran from **January to June 2023**, reached **115 Grade 2 students** from some of Beirut's most divided and underprivileged neighborhoods, including **Ouzai, Dahiat, Tareek Al-Jdeedi, and Ain Al-Rummaneh**.

The impact was remarkable: pre- and post-evaluation results revealed a significant positive shift in mindset, and parents reported noticeable improvements in their children's behavior and attitudes.

Building on this success, Aflatoun has evolved into a **multi-layered initiative** that now includes:

- **An extracurricular club** promoting social and emotional learning
- **A soccer club** fostering teamwork and inclusion
- **A teacher training program** to extend impact through the classroom
- **A mother's workshop** encouraging parental involvement and community action

Together, these interconnected programs form a holistic approach to nurturing empathy, equality, and active citizenship among Lebanon's next generation.
